Summary of Legislation: This bill adds expiration dates to temporary noncode provisions regarding members of the Indiana Education Employment Relations Board and a report by the Budget Agency for the annual projected growth in appropriated dollars for several programs. The bill codifies a statute concerning the interpretation of the emergency administrative rules law and codifies a severability clause and instructions for amendments concerning school scholarships. The bill repeals numerous obsolete criminal law applicability provisions added to the Indiana Code by the noncode statutes bill, P.L.220-2011. The bill also repeals: (1) an allocation provision under the Department of Commerce; (2) a provision that excluded transactions before July 1, 1988, from certain disclosure requirements; (3) a provision that excluded sales, leases, transfers, or replacements before February 29, 1988, from certain laws regarding motor vehicle protection; (4) a provision that provided instruction regarding amounts of state tuition support in 2010 and 2011; (5) a provision that provided instruction regarding the placement of the public question regarding property taxes on the 2010 general election ballot; and (6) certain noncode provisions that are codified. This bill makes a technical correction. (The introduced version of this bill was prepared by the Code Revision Commission.)
